219-363-2584

I am an up-and-coming software engineer, if you're looking for a computer fanatic, look no further!

Willing to relocate: Anywhere

Authorized to work in the US for any employer

WORK EXPERIENCE

General Merchandiser

Target - Plainfield, IN
March 2020 to Present

Push and pull product from backroom. Unload, and push products from truck, and great customer service at a moments notice!

Front Desk Clerk/Cleaner

Planet Fitness - Plainfield, IN
October 2019 to March 2020

I worked at the front desk, answered phones, and cleaned the entire gym thoroughly. Most of the days duties consisted of data entry and customer service.

Manager

Tsunami Express - La Porte, IN
October 2017 to September 2019

Maintenance worker

Briar Leaf Golf Course - La Porte, IN
May 2017 to October 2017

Reason for leaving: Seasonal Work, was laid off

Delivery Driver

Wana Pizza - La Porte, IN
August 2015 to December 2016

Reason for leaving: Done with the food industry
(hopefully)

Delivery Driver

Mancino's
February 2015 to August 2015

Reason for leaving: Unhealthy work
environment

In-store worker

Papa Johns - La Porte, IN
August 2014 to February 2015

Reason for leaving: Lack of hours

EDUCATION

Coding Bootcamp in Software Development

Eleven Fifty Academy - Indianapolis, IN
August 2020 to Present

High school diploma

La Porte High School - La Porte, IN
2011 to 2015

Indeed Assessments provides skills tests that are not indicative of a license or certification, or continued development in any professional field.

ADDITIONAL INFORMATION

1. Because of my multiple seasons of working with and marching drum corps, I've become a very hard and independent worker. I am also very capable of working well in a team, to complete the tasks at hand.
2. I have worked in customer service for over 5 years, thus helping me develop a lot of the soft skills that won't be taught in

a class room!

3. I am used to a very neat and tidy work space, whether it's a shed with lawn care equipment, or an entire kitchen, a car wash tunnel, a gym, desktop, or development environment. I am no stranger to cleanliness.

4. I am very punctual. I always arrive early if I can and will stay as late as I can to help, if needed.

5. I adapt very quickly, and love learning about new things.

6. I have just started my course with Eleven Fifty Academy! I am very excited to continue to learn and work with their fantastic team. Development and engineering have always been very interesting to me, and I couldn't be more excited to be a part of this journey.

7. I have learned the vast majority of HTML5, CSS3, and C# all in just over a week, and am hungry to learn more, and have a a platform to continue to work on.
